*414 SHRI ASHWANI KUMAR;
SHRI KAILASH PATI MISHRA;

Will the Minister of HOME AFFAIRS be pleased to state the names of the High Courts in which work is also carried out in Hindi or in regional languages?

THE MINISTER OF HOME AFFAIRS (SHRI BUTA SINGH); Hindi, in addition to English, is used in the High Courts of the States of Bihar. Madhya Pradesh, Rajasthan and Uttar Pradesh. Hindi or regional languages are not used in the High Courts of other States.

Setting upof a Satellite, tracking facility at Banga/orc

*415. SHRI VISHWA BANDHU GUPTA; Will the PRIME MINISTER be pleased to state;

(a) whether the Department of Space is setting up a new facility at Bangalore for tracking satellites;

(b) if so, what are the details thereof;

(c) what is the likely cost of this project and what arc the special tracking, telemetry and command facilities being planned at this station; and

(d) in what manner the new tracking station is likely to help accelerate the launching of ASLV, PSLV and the Indian Space programme?

THE MINISTER OF STATE IN THE MINISTRY OF SCIENCE AND TECHNOLOGY AND IN THE DEPARTMENTS OF OCEAN DEVELOPMENT, ATOMIC ENERGY ELECTRONICS AND SPACE (SHRI SHIVRAJ PATIL): (a) Yes, Sir.

(b) and (c) A Telemetry, Tracking and Command (TTC) station for receiving house Keeping data and tracking and commanding low earth orbiting satellites is being established at Bangalore. The TTC stai'hn will consist of necessary equipment to receive, record and process data for monitoring the health of the satellite, accurate determination of the location of the satellite and for sending commands to the satellite. The total cost of the ISRO Telemetry Tracking and Command Network (ISTRAC) facilities being established at Bangalore is about Rs. 9.85 crores.

(d) This new TTC facility is not meant for accelerating launching of ASLV or PSLV. It is a general facility planned for tracking and controlling all the low-earth orbiting satellite missions of the future including IRS series of satellites just as the Master Control Facility at Hassan is dedicated to the tracking and commanding of all geostationary satellites like INSAT.
